

**GPS Seminar:** On April 10, 2008 a two-hour seminar will teach you how to operate your GPS, what the screens show, how to access all the functions you need. You will learn how to store waypoints and then activate them for navigation keeping you on a safe pre-qualified course of your choosing. Please advance register for this event at [www.DiabloSquadron.org](http://www.DiabloSquadron.org) Acalanes Adult Education Center; 1963 Tice Valley Blvd; Walnut Creek, CA 94595 on Thursday 4/10/08 at 7:30pm to 9:30pm arrive by 7:00pm. \$32.00

**Boat Smart Class:** This is a six-week course designed for all boaters including personal watercraft operators, hunters or anglers operating an outboard utility boat, canoe and kayak paddlers, skippers of a family cruiser, and sailing enthusiasts. All boaters must follow the same nautical rules, regulations, and courtesies of the sea. The course includes three main sections:

- Getting Started: boat terms and types, boat handling, anchoring, water sports, safety, personal watercraft
- What's Needed: equipment, regulations, law enforcement
- Rules To Live By: aids to navigation, navigation rules, adverse conditions, marine radio

Qualified, trained, enthusiastic, and experienced USPS instructors provide instruction as a civic service. There is never a charge for instruction; the only costs are for the materials, and overhead cost such as classroom rental, shipping and handling, sales tax, etc.

While the content of this student manual serves as the basis for this course, it will also, serve as a reference book in basic boating long after the course work is completed. The course meets the educational standards of the National Association of State Boating Law Administrators (NASBLA) and features a proctored examination as required by many states and insurance companies.
